Letter of Testimonial

We have engaged **Twin City Air-Conditioning Engineering** to service and maintain our hostels air conditioners at Vintage Inn@Clarke Quay and Vintage Inn@Little India 2 years ago. Twin City has proven himself by delivering prompt service with their adequate work force and since has brought down our operation interruption due to air conditioners issues to minimum. The technicians are conversion, able to advice and carried out the works professionally. Service charge is reasonable. We will continue to engage their service.
